

What the Ludothek Frauenfeld offers

Children and adults can choose from about 1800 games and toys and can borrow them for 4 weeks. The Ludothek offers the opportunity to discover and test new playing ideas. Our stock consists of current, well-kept and educationally valuable games and toys.

The user - especially children - learn to handle the borrowed articles with care and part with it after a certain time. The Ludothek is organised in a way to allow children of school age to choose their toy by themselves.

We are ready to orientate and advise you about playing.
